Motivating students is one of the major challenges teachers face on a daily basis.

Conceptualized as students' energy and drive to engage, learn, work effectively, and achieve their potential at school, motivation and engagement play a large role in students' interest and enjoyment of school (Martin, 2006).

Motivating kids to learn for learning's sake isn't easy, which is why teachers often rely on external motivators.

These can take many forms, like contests, prizes, or parties. Even grades are a form of external motivation; a student who has earned an A on an assignment is typically more thrilled by the grade itself than the successful learning it

27 Ways To Promote Intrinsic Motivation In The Classroom

Author and researcher

Daniel Pink divides

intrinsic motivation into
three components:

mastery, autonomy,
and purpose.

Increasing intrinsic
motivation in everyday
activities yields greater
satisfaction and
engagement. When
teachers create lessons
